

Exhibitor Sampling Policy

Please take a moment to review our policies on outside food sampling.

1. Exhibitors may provide food samples if doing so is a customary part of the overall event (i.e. food shows, convenience store trade shows, culinary events, etc.). Exhibitors may distribute free samples of food and beverages that are not the same concession items sold by Well Bread. Allowable sample sizes include 2 oz. for any food sample and 1 oz for all beverage samples.
2. Requests for permission to serve food and/or beverage samples outside of these parameters must be submitted in writing to the Catering Sales Manager. The written request must come from the customer (facility), and must contain the name of the exhibitor(s) or sponsor(s), and the product(s) to be served (bottled water, candy, cookies, popcorn, yogurt, soda, coffee, etc.)
3. Distributing of individual pieces of hard candy or chocolate mints from any source is allowed.
4. The serving of generic products (i.e. frozen yogurt, ice cream, popcorn, cookies, coffee, bottled water, etc.) by exhibitors for the purpose of drawing attention to their booth is permitted only when the product being served is purchased from Well Bread.
